

Interview Assistance Program by ForumIAS (For IAS / IFoS Interview)

About the Program

The ForumIAS Interview Assistance Program is an advanced and paid version of the ForumIAS Interview Assistance Initiative – which is a free initiative in which we hold open talks , and orientation for the Interview, besides one to one and group mocks.

More than 600+ candidates out of 1099 candidates who were selected in the final list in CSE 2016 , were part of the Interview Assistance Initiative in CSE 2017.

About 100+ candidates from the Interview Assistance Program 2017 made it to the final list. This number was capped due to the limited intake capacity that we at ForumIAS had

What you get?

The IAP consists of Sessions with ForumIAS Mentors. We **strongly** recommend that you take up a minimum of 3 Sessions with us which can be arranged in the below manner.

Session #	Component	When you should take it?
Session #1	DAF Analysis and General Q&A by one or two membered panel	As early as possible. Do not wait for preparation of DAF/ Current Affairs etc.
Session #2	Q & A by a two membered panel	Within 5 days to 7 days of Session #1
Session #3	Group Mock with about 4-5 other aspirants and a one-membered panel	Within 5-7 Days of Session #2

Goal

The goal of the program is

- Firstly, to reduce the gap between the candidates actual preparedness vis-à-vis “perception” of preparation by self-assessment.
- Secondly, to guide the candidate towards discovering the complete latitude of questions that can be expected from the DAF
- Thirdly, to make the candidate aware of the preparedness level of other candidates, and also sensitize him towards behaviour and opinions that may be aberrant and deviant from the normal – which may be penalized in any interview
- Fourthly, to freeze answers on questions like Why IAS? Why you want to leave IPS ? Why xyz optional? Why not home state etc.
- Lastly, to ensure that candidates are able to give their best shot in the interview in their first attempt itself or radically improve their scores if they have appeared in the interview earlier.

ForumIAS

Fee Structure and Application

Candidates can apply for the IAP program in the below manner

#	What you get	Fee	Payment Link / or Visit Test Center

All Programs are available at http://instamojo.com/ForumIASAcademy/ Programs are available in both ONLINE & OFFLINE MODE			

Note:

0. Please book seats *early* with us so that we can accommodate you early. You must book your first session as early as possible and **not** wait till preparation is over. Every year we see candidates trying to have a session 5 days before Interview, when they realize that they have not even done DAF properly, and they have no time left for preparation.
1. Please don't try to save a session for the next year. There are no carry forwards. Resources are to be used to meet goals, not to be saved at the cost of not meeting one's goals.
2. This program is available in both ONLINE & OFFLINE Mode.
3. For best results, please take at least 3 sessions with us. We have seen marks and ranks improve drastically through our programs
4. **Please do not seek discounts, or try to save money at this stage, even if you are selected candidates, as we do not run expensive foundation courses which can subsidize such programs. Also, ForumIAS is the largest community for IAS/IFS aspirants, and while we may like to do things free, we can only do as much. We have tried to reduce the fees earlier, but we know we have compromised on the quality and quality of assistance that we can provide. Plus, almost half of the candidates who approach us are either in Services or have appeared for Interview before.**
5. If you face any difficulty in scheduling Interviews with us, you can reach us on Whatsapp on 9821711605 and we shall expedite it. We may refund fees for those of you whom we cannot accommodate.
6. Interview Sessions will be held at Rooftop, IAPL Tower, 19, PUSA Road, Near ALS Building, Near Karol Bagh Metro Station. New Delhi. On the online mode it will be communicated via Email.
